BARAUSSE: THE START OF 2025 IS MARKED BY EXPANSION **A strategic acquisition for the Italian interior door manufacturer**

Barausse srl has acquired **40% of the shares in Santo Passaia Furniture S.r.l.**, a manufacturing company focused on the design and production of custom-made furniture, proudly **Made in Italy**, for the luxury contract and residential sectors. This strategic move aims to expand Barausse's offerings and strengthen its position in the high-end custom furniture market.

The combination of the refined design and material selection of Barausse doors and partitions, and the range of custom manufacturing services offered by Santo Passaia, represents a perfect synergy to meet the needs of a global clientele, increasingly demanding when it comes to customization.

"Barausse shares with Santo Passaia a similar organizational approach and target markets, making us synergistic partners in meeting the daily demands for seamless integration with furnishings."

— Manuel Barausse, CEO of Barausse Doors

2024 ended with an **18% increase in revenue for Barausse**, solidifying the success of a strategy focused on continuous innovation and expansion into international markets.

In 2025, Barausse will open **10 new retail stores worldwide**, with new locations in the United States, United Arab Emirates, Indonesia, Morocco, the Philippines, France and Spain.

BARAUSSE

Barausse sviluppa e produce sistemi di chiusura e di separazione degli spazi, rivestimenti parete in legno e pareti attrezzate concepiti per sublimare la vivibilità degli ambienti. I prodotti Barausse sono il risultato della sapiente tradizione artigianale nella lavorazione del legno combinata con le competenze tecniche e un approccio propositivo e attento al contesto. Plasmare un design che nobilita la funzionalità, porre le conoscenze e l'esperienza della nostra squadra al servizio del bello: perseguiamo l'imprescindibile obiettivo di creare un sistema di prodotti che migliora la qualità dell'abitare e aumenta il valore del progetto.

Barausse develops and manufactures closing systems, wall wooden cladding and equipped walls designed to make the living environment sublime. Barausse products are the result of a strong handcrafted tradition in woodworking combined with technical skills and a proactive approach. Sculpting a design that enhances the functionality, applying the knowledge and experience of our team to pursue beauty: we seek the unquestionable aim of creating a system of products that improves the quality of living and enhances the value of the project.
