

CARVEN

experimental manifesto

**BARAUSSE**

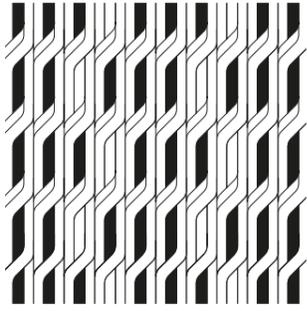

EN Each **engraving**, each **traced mark**, is part of a transformation that transcends mere craftsmanship, turning the material into the protagonist of a metamorphosis that enhances its **aesthetic** and **tactile** qualities.

ITA Ogni **incisione**, ogni **segno** tracciato, diventa parte di un processo di trasformazione che va oltre la semplice lavorazione, rendendo la materia protagonista di una **metamorfosi** che ne esalta le qualità **estetiche** e **tattili**.

F3

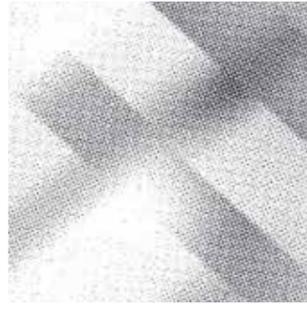

EN Carven is the result of an investigation into the hidden potential of materials. A journey that reinterprets the ancient **art of carving**, blending it with **innovative technologies** and contemporary approaches. Tradition and innovation merge, breathing new life into wood through shapes that emerge uniquely, each time different, yet always recognizable. **Abrasion** creates unprecedented effects, drawing textures and patterns that intertwine with the wood's grain, while lacquer, applied in harmony, enhances the beauty and complexity of the material, adding **depth and character to the surfaces**. Carven molds with natural elegance into doors and paneling, reinventing every space with a touch of sophisticated uniqueness.

P1

IT Carven è il risultato di un'indagine sulle potenzialità nascoste della materia. Un percorso che reinterpreta l'antica **arte dell'intaglio**, combinandola con **tecnologie innovative** e approcci **contemporanei**. Tradizione e innovazione si fondono, dando nuova vita al legno attraverso forme che emergono in maniera unica, ogni volta diverse, ma sempre riconoscibili. L'**abrasione** crea effetti inediti, disegnando texture e motivi che si intrecciano con la fibra del legno, mentre la laccatura, applicata in sinergia, esalta la bellezza e la complessità della materia, conferendo **profondità e carattere alle superfici**. Carven si plasma con naturale eleganza in porte e boiserie, reinventando ogni spazio con un tocco di sofisticata unicità.
